COMMENTS

Drawings

The drawings are objected to as failing to comply with 37 CFR 1.84(p)(4) because reference character "21" has been used to designate both the cutter (31) and driver (21) in figure 4. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the examiner does not accept the changes, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

CORRECTED FORMAL DRAWINGS ARE NOW REQUIRED.

Reasons For Allowance

The following is an examiner's statement of reasons for allowance: the independent claims define a sewing machine including a cutter assembly including an upper cutter and a cooperating lower cutter. The sewing machine includes a main frame with a drive shaft for driving an actuating member, which in turn drives a cutting mechanism. The cutting mechanism includes a first retaining device comprising a support bracket with a through passage accommodating a support rod. The support rod passes through the support bracket and the actuating member. The first retaining

member bracket is secured on and spaced from the actuating member and drives the upper cutter. A second retaining member is provided with the lower cutter comprising a fixing seat and is located opposite to the upper cutter of the first retaining device for cooperating with the upper cutter and cutting a cloth material. The dependent claims further limit the cutter of the sewing machine of the independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
